2. Consignor Check-In

- Consignors must reserve a Consignor Check-In Slot in advance for either **Wed evening Sept 11 or Thurs morning Sept 12** to deliver and place tagged items on the sales floor. Reserve a slot online in section “Check-In”:
<https://myconsignmentmanager.com/stjamesatlantaconsignmentsale/>
- Email us to reserve 2 check-in slots if you have more than 2 carloads to deliver.
- By delivering consigned items, Consignor accepts all terms of this Consignor Handbook and the Consignor Contract, available [online](#). Consignors must sign a hard copy of the contract at Consignor Check-In. Copy available to take home.
- At your Check-In Slot, visit the front desk, then deliver items **grouped by gender and size** for quality control. After review, place your items on the sales floor.
 - Volunteers will check each item to ensure compliance with the Consignment Guidelines. See “Section 4: Tagging Instructions”.
 - All items must have a barcode tag generated through the online tagging system. Items that do not have a barcode tag will be rejected.
 - Wire hangers only. No bent hangers. No plastic hangers. Hanger hook points left.
 - Incorrectly pinned or incorrectly hung items may be removed from the sales floor.
- Pick up unsold items between **2:00-3:00pm on Saturday, Sept 14**. **Items set aside for pick up but not collected by 3pm Saturday will be donated AND will incur a \$35 No Pick-Up Fee per consignor.**
- We may use your cell number to contact you about the Sale. We will not sell or use your cell number for other purposes.

4. Tagging Instructions

I. Prepare Items for Sale

- Group clothing by gender then size.
- **NEW!** All seasons accepted.
- **Use wire hangers only.** Hang clothing on wire hangers, hanger hook pointing left (see illustration). No bent hangers. No plastic hangers.
 - Pants must be pinned to TOP of the hanger, not pinned to or folded over the bottom of the hanger.
 - Complementary wire hangers available in the church foyer, while supplies last.
- Ensure all items are clean, in good working condition, have all pieces, and meet the criteria outlined in this Consignor Handbook.
- Items that require batteries/power cord **MUST** have working batteries/power cord. This includes large ride-on toys, inflatables, electronics, etc.
- Bundle similar items or clothing sets / outfits on **ONE** hanger.

II. Enter Items Online

- Enter items and create tags here:
<https://myconsignmentmanager.com/stjamesatlantaconsignmentsale/>
- **All items must be entered into the tagging system before Tuesday, Sept 10 at 11:59pm.**
- Only tags with a compatible barcode will be accepted. Enter items online or transfer compatible tags from a previous sale. Tag transfer instructions are found in the “Manage Inventory” section of the online tagging system.
- Select an appropriate Category and Size for each item.
- Include the brand name and a brief description of each item - this allows us to match lost tags to items and minimize switching of tags.
- Choose to DONATE or PICK UP (not donate) unsold items.
 - Items marked as donate will be discounted by 50% on half price day.
 - Items **NOT** marked as donate (pick up) are strongly recommended to be discounted by 50% on half price day. (Many shoppers look only for half price tags on Saturday!)
- Select a price. Shoppers typically respond best to approximately 1/4 - 1/2 of the retail price for items in good/very good condition.
- No duplicate tags! Commission will only be given on one tag, not on duplicate tags.

III. Generate, Print, then Tag Your Items

- Generate Tags: Follow instructions found in the “Print Tags” section of the online tagging system.
- Print: Use a laser printer to print tags. **No ink jet printers.**
 - Use only **plain cardstock** for tags. White or bright colors only. No dark colors, no patterns, no sticky-back paper, no regular copy paper.
 - Use ‘landscape’ paper orientation, only 8 tags per sheet. Keep original tag size 3” x 2”. **Do not resize, do not change the print scale** - tags that cannot be scanned may be rejected or reallocated as property of the sale.
- Cut: Neatly cut all four sides of each tag at the black line.
- Safety Pins: Use only 1” or larger safety pins. No tiny safety pins, no straight pins, no staples, no plastic tags or tagging guns.
 - Attach safety pin at top of tag in upper right corner of the garment. Use only **one pin per tag, one hanger per tag**. See example above.
- Tape: For non-clothing items use scotch tape, painters tape, or packing tape. NO Masking Tape.
 - Do not apply tape over the bar code.
 - Only tape 2 sides or 2 corners of the tag. Do not tape all 4 sides. Do not use too much tape.
 - Do not apply tape directly to decorative items, tape can cause damage.
- Secure parts and pieces: Prevent any pieces from getting lost.
 - Place items with multiple pieces in a baggie. Tape the bag shut. Tape or pin tag on the outside of the bag. No tags inside a baggie.
 - Plastic wrap secured with tape or large baggies can be used for puzzles, toys, etc. Attach tag outside of baggie or plastic wrap.
 - String, zip ties, or large safety pins can be used to attach shoes in pairs.
 - Similar clothing items or multiple pieces / outfits can be bundled together on one hanger with safety pins. Use only one tag per hanger.
 - Large items with multiple pieces or sold as a set (e.g. crib and mattress) must have a label on each piece – only one tag with the price, additional labels to indicate multiple pieces are included (e.g. tag “1 of 4” showing the price, labels “2 of 4”, etc. showing the items number with price \$0.00).
- If an item does not have a tag, that item becomes property of the sale. Every effort will be made to reunite lost tags with their respective items.
- Items missing a tag, or tags that are unable to be scanned, may be priced by sale volunteers and may not be attributed to your consignor profits.
